

Figure 1

A schematic diagram of a multi-layered structure. It consists of a large rectangular frame. Inside this frame, there are five horizontal rectangular bars stacked vertically. The top-most section of the frame, above the first bar, is labeled 202 with a checkmark. The first bar is labeled 204. The second bar is labeled 205. The third bar is labeled 206. The fourth bar is labeled 207. The fifth bar is labeled 208. The labels 204 through 208 are positioned to the right of their respective bars, with a curved line pointing to the bar.
